

Henry Cooper

Location: Dunedin

Telephone: 021-068-4160

Email: ymp1mp@gmail.com

Personal Profile

I plan on joining the NZDF after receiving my BIT.

Core Skills

- Front end web development
I have been creating and designing websites for many years. I have experience working with both Bootstrap and WordPress.
- Networking
Networking has been my focus in this course.
- C# programming
I have experience; however, this aspect of IT is far from being my forte.
- Automotive and Mechanical skill.
I was awarded with a certificate in Automotive Engineering (level 3) in 2015 and often find myself fixing and maintaining vehicles for friends and family.

Employment

- Automotive Engineering
I worked at PitStop south Dunedin as a mechanic for a year before joining the BIT. I worked part time at Stewart motors in Queenstown while attending high school.
- Crypto trading and mining

Qualifications

- Workplace First Aid certificate
- Grade 2 kayaking certificate.
Awarded by Wakatipu High School
- Certificate in Automotive Engineering (Level 3)
Awarded by Otago Polytechnic
- National Certificate in Motor Industry (Entry Skills) (Level 2), Automotive Electrical and Mechanical
Awarded by Otago Polytechnic
- National Certificate in Motor Industry (Foundation Skills) (Level 1)
Awarded by Wakatipu High School
- National Certificate of Educational Achievement (Level 2)
